## How does minimum spend work?

Minimum spend is the minimum amount that you must spend to secure a private booking of the space. The space (or partial space) will be exclusively yours during the opening hours of the brewery. Each day has a minimum spend which changes based on the day of the week and the season. Drinks by the glass, and S&O food consumed during your visit counts towards the minimum spend. Merchandise, gift cards, food to go, beer to go/off sales also can count towards the minimum spend.

Please note: The minimum spend is subject to applicable taxes and an 20% Gratuity.

The minimum spend can work two ways:

1. Guests pay as they go and if you do not reach the minimum spend, any difference will be charged to the credit card on file.
2. The minimum spend is charged to one card.
